Dear Parent

We are on the verge of bidding goodbye to 2022 and say 'Hello' to 2023. This is the time when we must introspect, look back, review and reflect upon the entire year to analyze as to how make it better in the year 2021 for our children.

We would like to draw your kind attention towards the following points your ward must adhere to:

- must take care of his/her hygiene and take bath regularly and wear clean and well ironed clothes.
- fitness should be prime focus for students and they must take out time for exercise and outdoor games.
- the students must also eat homemade healthy and nutritious food. Takeout time to pursue a hobby and widen their horizon of learning.
- identify his/her areas where they need improvement-speaking, writing, reading, math skills and handwriting etc. and garnish them.
